Introduction

Welcome to Red Hat Connect for Technology Partners. This guide provides instructions on how to register for the Red Hat Connect for Technology Partner program. This document will also guide you through the process of submitting Primed evidence designated for an application that you have that currently works on an OpenShift cluster.

Register for RHC4TP & Request Technology Partnership

Go to connect.redhat.com and click *LOG IN* at the upper right of the page.

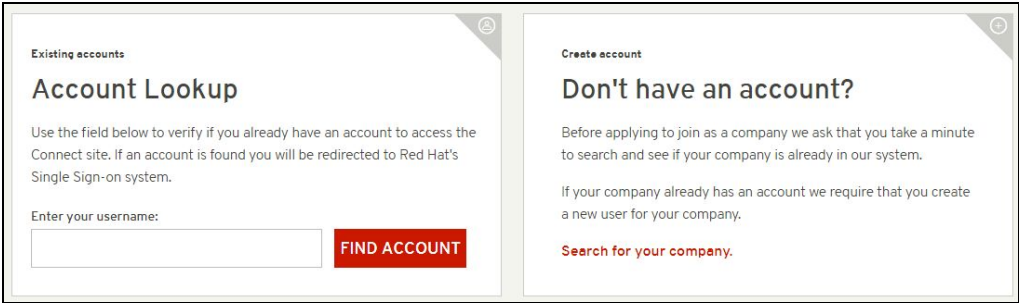

Click *REGISTER*.

Check to see if you have an existing account by searching your Red Hat account login Username.

If you do not have an existing User Account, check if your Company has an existing account by clicking *SEARCH FOR YOUR COMPANY*.

NOTE: If you find your company in the search field, please email connect@redhat.com to find out who the Org Admin is for your company, so they can add you to the existing account.

If your company does not have an existing account, click *CAN'T FIND YOUR COMPANY* and then click *REGISTER NEW COMPANY*.

Find your company:

SELECT

☒ Can't find your company?

Register

If you can't find your company, you can register a new company and user via the Red Hat portal. With a Red Hat account, you will not only be able to log in to Red Hat Connect, but to other Red Hat properties as well.

REGISTER NEW COMPANY

Can't find a company you know is a member? [Contact Us](#) and report the missing issue.

Fill in all required fields and *SUBMIT*.

Create a Red Hat Login

A Red Hat account gives you access to product evaluations and purchasing capabilities.

* Indicates Required Field

Need access to an account?

If your company has an existing Red Hat account, your organization administrator can grant you access. If you have questions, [contact customer service](#).

Login Information

* Create a Red Hat Login:

Your login is a user ID for accessing your account across all Red Hat sites. It must be at least five characters and cannot be changed once created.

* Email Address:

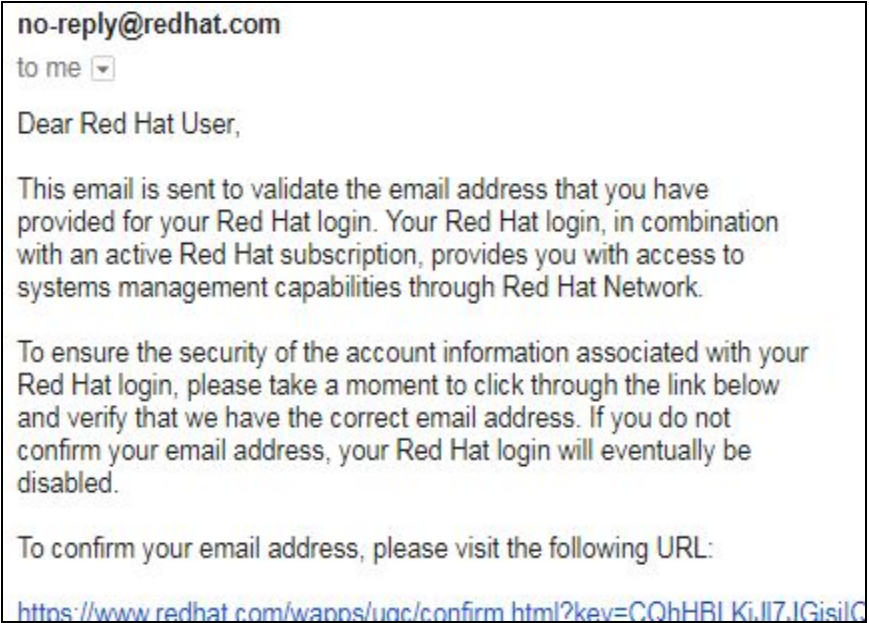

* Password:

Your password must be at least six characters long. A strong password combines lower case letters, upper case letters, numbers, and symbols.

* Confirm Password:

Company Information

A confirmation Email will be sent (example email)

Once your Email has been confirmed, log in to your RHC4TP account at [connect.redhat.com](#). You will be redirected to the *Getting Started* page.

NOTE: If you are not redirected, please click *MANAGE COMPANY* and then click *BECOME A PARTNER*

You will now be required to complete the following sections (clicking *Next* after filling in the required information):

Company Details

Connect Details
My Profile

Once the Profile section is complete, you will need to review and accept the Technology Partner Program Agreement..

Signing up is simple, easy and catch-free. Since some of the program benefits require confidentiality protection, we do ask partners to agree to the terms

 [PA_Technology_Partner_Program_20150501.pdf](#)

☒ I agree with the Technology Partner Agreement Terms *

Complete

Request Zone Access

When you’re ready to certify your product on Red Hat Software, you will need to request Zone access and then create a Certification Project.

Go to connect.redhat.com and click *LOG IN* at the upper right of the page.

Click on *COMPANY DASHBOARD*

Then select *EDIT COMPANY PROFILE*

Complete all mandatory fields marked with an * and then click *SUBMIT* at the end of the page

Click on *ZONES* at the top of the page.

Scroll down to Join a Zone section.

Under the Zone you wish to join, click *APPLY FOR ZONE ACCESS*.

Join a Zone

Apply for Zone Access to one or more Red Hat Zones listed below. Each Zone may have additional terms and conditions specific to that Zone, that will require acceptance for entry. You will be notified of your Zone application status within the next 48 hours.

PLATFORMS

RED HAT ENTERPRISE LINUX

Provide customers with enterprise-ready reliability, long term support and proven business value via the industry's leading commercial Linux Platform.

APPLY FOR ZONE ACCESS

PLATFORMS

CONTAINERS

Transform application delivery, address scalability needs and iterate faster across hybrid environments.

APPLY FOR ZONE ACCESS

MIDDLEWARE

RED HAT MIDDLEWARE

Innovate faster and smarter with light-weight, cloud-friendly Red Hat middleware.

APPLY FOR ZONE ACCESS

You will be notified via Email upon approval of your Zone Request.

Add a Product

Log in to your RHC4TP account at connect.redhat.com.

Select the *Human* icon at the top right of the screen and select *Company Dashboard* from the dropdown menu.

Scroll down to *Products* section.

Click *ADD A PRODUCT*.

Products

ADD A PRODUCT

Edit product information, add product logos, assign teams, see status and certification information. Add new solutions.

PRODUCT NAME	PROJECT NAME (STATUS, ZONE)	PUBLISHED
--------------	-----------------------------	-----------

Fill in all required information and click *SUBMIT*.

NOTE: For a User to access software and certification tools, you must check the Organization Administrator (Org Admin) box. Multiple users can be Organization Administrators.

Request Software Access

Log in to your RHC4TP account at connect.redhat.com.

Scroll down to the **As a program member you receive** section and click **LEARN MORE** under **Software access**.

As a program member you receive

Software access

No cost Red Hat software subscriptions (also called NFR's) for our program partners to help grow our joint businesses.

Learn more >

Technical resources

Access information to increase your knowledge about Red Hat Products and Technologies.

Learn more >

Access to zones

Zones are special-interest areas for partners of varying types to get privileged access to information and activities.

Learn more >

On the Red Hat Software Access Page, scroll down to **PLATFORMS** and click **REQUEST SUBSCRIPTION** under the software you need

PLATFORMS

RED HAT ENTERPRISE LINUX

On Premise

Request a subscription of Red Hat Enterprise Linux and Red Hat Virtualization. Access will be granted to your Red Hat account, and you will receive an email notification.

Request Subscription >

PLATFORMS

RED HAT VIRTUALIZATION

On Premise

Request a subscription of Red Hat Virtualization. Access will be granted to your Red Hat account. You will receive emails to notify you about the status of your request. If you have requested access to Red Hat Enterprise Linux through our program, Red Hat Virtualization has already been included.

You will receive an email once software access has been granted.

Access granted software entitlements

Go to access.redhat.com

Click *DOWNLOADS* under Quick links at the bottom of the page

Choose the product family

Then follow the instructions to download

Create a Certification Project

Log in to your RHC4TP account at connect.redhat.com.

Select *ZONES* at the top of the page.

Scroll down to the Zone you wish to create the Project under and click *CREATE A PROJECT*.

Complete the required fields and click *SUBMIT*.

				<div>PUBLISH</div>

You will be contacted within 2 business days with the link to the Catalog entry for your Product.

Primed

Primed is a technical readiness designation for applications that interoperate with OpenShift. Through Primed, partners indicate that they have verified their product’s functionality on OpenShift, taking the first step towards the ongoing commitment of container certification. Primed is also the suggested path for products that integrate with OpenShift but are not packaged as containers.

To achieve the Primed designation, complete the Primed section of the Container Checklist

Primed Certification

To find the Checklist for Primed Certification go to your Project Page and select Certification Checklist located on the left menu under Actions.

Submit Primed evidence <small>This is required for Primed but not Certified</small>	○	

Submitting Primed Evidence

Evidence must be submitted for review. To submit your evidence click on the *START* button for the item located on the Checklist.

>

Submit Primed evidence

This is required for Primed but not Certified

START

This will now take you to the Settings Page of your Project. Fill out all mandatory fields.

Scroll all the way to the section: Supporting Documentation for Primed and add all evidence links.

Supporting Documentation for Primed

Supported Platforms

☐ OpenShift Online

OpenShift Online is a multi-tenant cloud service that allows individual developers to quickly gain access to a hosted OpenShift environment.

☐ OpenShift Dedicated

OpenShift Dedicated is a single-tenant cloud service hosted and managed by Red Hat that offers high-availability enterprise-grade clusters in a virtual private cloud on AWS or GCP.

☐ OpenShift Container Platform

Red Hat OpenShift Container Platform offers enterprises full control over their Kubernetes environments, whether they're on-premise or in the public cloud, giving teams freedom to build and run applications anywhere. OpenShift Container Platform handles cloud-native and traditional applications on a single platform. OpenShift gives your teams self-service to consistent environments across your organization, from development through production.

SUBMIT

Click *SUBMIT* at the end of the page.

Now you will have completed that item on the checklist. The check marked box only indicates that the evidence has been submitted, NOT approved. Once the evidence is submitted, you will need to click *GET LISTED* button on the Certification Checklist Page.
